Projects

A Weather App Using Python Libraries	Jan 2025 – May 2025
Developed a weather app during my second semester that displayed the weather information of any particular city using the Open Weather Map API and had a theme changing option.	
Web app to classify spam and fake news	Jan 2026 – April 2026
Developed a web app to identify news content as fake or spam using Logistic Regression as a team project.	
A fitness mobile app to monitor meals and exercises	April 2026 – Present
Currently, I'm working on a fitness mobile app that helps monitor meals, calorie intake and exercises.	

Internship

Volunteer Intern (NGO Gavaksh – Window to Happiness)	June 2025 – July 2025
Contributed to the educational development of underprivileged children by providing mentorship and academic support. Managed a team of volunteers, developing key skills in leadership, teamwork, communication, and problem-solving.	

Skills

Technical Skill: MS office, Python, Java, C, Git, Visual Studio

Soft Skills: Leadership, Teamwork, Problem solving, Time management

Position of Responsibility

Teaching head (NGO Gavaksh – Window to Happiness)	Aug 2025 – Present
As Teaching Head, I oversee all educational initiatives and manage a team of volunteer teachers. I resolve grievances from both students and volunteers, ensuring a productive and positive learning environment.	

Accomplishments & Recognition

- Attended the 5th International Sustainability Conference. **2025**
